Got Questions?

We are a community of possibilities, not of problems.

We are action takers.
We are optimistic.

It's not about what this town used to be.

We have people right now, assets right here, and we can take action right away. We don't need another plan, another committee, or another meeting.

*We can
do it now!*

We create the moments that show what this town could be and the places that take our breath away, if only just for a moment. What we create doesn't have to be permanent to create possibility. We don't care about titles or who holds official positions. The people who do hold titles may not think like us.

*That's
OK.*
